Specialist in Good Clothes for Men

**How Do You Judge a Good Clothing Store?** There is no doubt a majority of men who know and think about the matter intelligently judge by quality. The reason is that quality is the one thing that most men can't forget; it's the one thing that won't wear out; it's the construction that goes into the garment; it's the satisfaction that you get here that keeps this business growing so rapidly that it's the wonder of the clothing business today.

It keeps our old customers coming year after year and their friends' friends after them, but you'll have to come here to realize it all—the new stocks, the greater varieties, the better qualities—above all, the reasonable prices, the very great values.

**Our Offer in Suits at \$12.50, \$15.00, \$20.00 and \$25.00**

## THE LORIMER BRIBE FUND

FURTHER EVIDENCE UNEARTHED  
BY INVESTIGATING COMMITTEE.

Springfield, Ill., April 5.—A bombshell was exploded in the Lorimer case today of a force terrific enough to blow the "Ed" sky-high.

Startling disclosures of a \$100,000 "slush fund," opening at last the long-sought trails in the direction of the "men higher up," were made to the Helm committee by Charles S. Funk, general manager of the International Harvester Company, the largest corporation doing business in Illinois.

Of his own volition Mr. Funk released H. H. Kohlsaat, editor of the Record-Herald from all obligations to keep his name a newspaper confidence, and, coming before the committee as a witness, revealed in its details the information on which was based the Record-Herald's editorial on a \$100,000 Lorimer corruption fund.

Approached by Millionaire Lumberman.

He declared that Edward Hines, millionaire lumber merchant, approached him in the Union League Club in Chicago shortly after the election of Lorimer and asked him to give \$10,000 toward a \$100,000 Lorimer election fund, which had been underwritten and collected in a rush. Mr. Funk instantly refused.

On orders from the investigators, Mr. Funk then divulged the name of the man to whom Hines said the money should be sent. The name given was that of Edward Tilden, president of the National Packing Company, and former president of the Chicago Board of Education.

**Didn't Want to See Friend in Jail.**  
When questioned as to the reasons that led him to testify, Mr. Funk said with simple candor: "Well, I am here because I did not want to see my friend go to jail."

It was a graphic story and it made a profound sensation. Mr. Funk, whose responsibility in the business world may be seen in the fact that he is in active control of 97,000 employees, scattered over all quarters of the globe, unfolded his narrative in a plain, blunt, straightforward way that sent each sentence home like a bullet.

The investigators and the spectators leaned forward breathless and open-eyed as he paused before mentioning names.

### "MORALITY AND SALVATION."

The Relation of the Two Discussed Last Evening.

Evangelist R. A. Blalock spoke at the Christian church last evening on "The Salvation of a Moral Man." A large congregation was present. The singing under L. T. Walters was fine. A choir of juniors gave interesting drills in the scripture and missionary facts. They sang "Bring Them In" lustily last night.

Tonight's subject will be "Approved Unto God." There will be baptismal services. Song services begin at 7:45.

The speaker said in part. That if the moral man can be saved without Christ then God is the most cruel monster in all the eternal past. For he sent his only son, his well beloved son, into this sin cursed world, to wear a crown of thorns and he allowed men to spit in his face, to slap his face with their hands, to blindfold him and in cruel mockery ask him to tell them who smote him. They bared his back and whipped him until the blood ran in a crimson stream down his suffering body. Then they nailed him to the cross, and in his agony he cried out "My God! My God! Why hast thou forsaken me?" And God sat up there on his throne and permitted all this. He heard not, nor heeded the death cry of his only son, but allowed him to die alone, forsaken of God and man with the sins of the world heaped upon him, when it was all unnecessary if your morality can save you.

I could not worship a God like that, for if he allowed Christ to suffer all this when it was unnecessary, then God is meaner than the Devil himself. But the fact is that

### Soft Pedal on Kiss!

Boston, Mass., April 5.—Spooning will be quite the fashion in the parks this summer, George Lyman Rogers, the new head of the metropolitan park police force, announces he will not molest spooners.

He made the announcement in connection with a statement that he did not intend to join the Wakefield police in their crusade against mashers.

"I know of no law," said Mr. Rogers, "that prohibits spooning, mashing or flirting."

"If sweethearts want to spoon in the parks on summer nights and want to kiss and hold hands, it is all right if they do not make too much noise about it. Let the young people have a harmless good time. That is what the parks are for."

Mrs. W. T. Leise, who has been here for the past two months on a visit to her daughter, Mrs. Jim Couch, returned to her home at Villa Grove, Ill., this morning.

## COURT COMPLETES CRIMINAL DOCKET

Late yesterday afternoon the jury found Albert Warden guilty of having liquor in his possession unlawfully. This closed the term so far as the criminal docket was concerned.

The court was occupied but three days with the criminal docket but the work was pushed rapidly and never allowed to drag. In discharging the jury until Monday Judge Barton complimented the jurymen for their work and said he needed the same men next week on the civil docket.

### Larger Vote for Woman Suffrage.

Boston, April 6.—The Massachusetts house of representatives rejected the bill granting suffrage to women today by voting 161 to 69 not to substitute such a bill for the adverse report of the committee on constitutional amendments. Last year the vote against a similar bill was 148 to 47.

## HOUSE WRANGLES OVER NEW RULES

Washington, April 5.—Both houses of congress listened today to President Taft's brief message urging the adoption of the reciprocity agreement with Canada.

Then, with the senate adjourned, the democratic house proceeded further with its organization by adopting new rules.

These are largely a repetition of those that have been handed down by many congresses. The democrats claim their greatest reform is taking from the speaker his power to appoint committees and to designate the chairman of each committee. The new rules provide for the election of committees and their chairmen.

The second reform is a return to the former democratic practice of permitting amendments to appropriation bills when the legislation tends to reduce the expenditures of the government.

The rules continue "calendar Wednesday," and the unanimous consent calendar and seek to perfect the rule for the discharge of the committees. This latter, the democrats say, effectively does away with the former practice of stuffing legislation in committees. A special order of debate on the rules to four hours immediately brought out a cry of "gag" from the republicans. The speeches were more or less of a political nature and there was no serious fight on the rules themselves.

**Republicans Debarred.**  
The republicans claimed they were debarred from making such a fight because of the further provision of the special order that only one substitute set of rules could be offered by the minority. Not even a roll call was demanded by the republicans on the adoption of the rules.

The political battle, which waged for four hours, was but a forerunner of others to come and which are expected to make the present congress notable. Representative Mann was ably seconded by former Speaker Cannon and Representatives Dalzell and Olmsted.

Mr. Mann charged the democrats with insincerity in much they said in praise of the rules, and said they had no purpose to take away from themselves as a majority the right to control legislation. He characterized the rule for the discharge of committees as "an utter absurdity, not to say idiocy."

Chairman Henry of the new rules committee retorted that the rules thus characterized had called out the most doleful speech from Mr. Mann that he had ever heard that gentleman make. Mr. Henry also said that the fault the American people had found in the past was not so much with the house rules as the bad administration of the rules.

## A SMALL BLAZE AT HARRIS HOTEL

This morning just before noon a coffee urn in the dining room of the Harris hotel exploded and for a time the burning gasoline threatened serious damage. However, prompt action on the part of the hotel people soon had the fire out. J. L. Miller, proprietor of the hotel, was slightly burned while extinguishing the flames and damage to the amount of possibly \$100 was done.

The fire company responded promptly but the fire was under control before they reached the scene.

### TROUBLE FOR MAN WITH NEGRO WIFE

Warrensburg, Mo., April 6.—Warrensburgers, who had gathered at the Missouri Pacific depot this afternoon, were surprised to see a white man and a coal black negro woman walk arm in arm up to the depot and offer to buy tickets to Sedalia. On being questioned about his dusky companion, the white man said the woman was his wife, whom he had married in Kansas City, Kan., last October, and with whom he had resided there since. He said he was on his way to Sedalia, where he had a position as cook, and seemed surprised that people should feel outraged as his unusual companion. Such an angry crowd surrounded the pair that an officer advised the man to leave town immediately. He left in the direction of Sedalia, his wife following on the evening train.

The defeat of Jake Hamon for  
Mayor of Lawton is most gratifying  
to the friends of Senator Gore. Ha-  
mon sought vindication at the hands  
of his neighbors and received the  
strongest condemnation instead. The  
citizens proved by their vote that  
they stand with Gore and the dis-  
credited Hamon will probably sink  
into insignificance as a political fac-  
tor in Oklahoma. His fate is only  
that which sooner or later overtakes  
the crooked politician.

County court is no longer much to  
be dreaded by witnesses and jury-  
men. The way Judge Borton handles  
the business the docket is cleared  
speedily and no delay is permitted if  
there is any way of preventing it.  
Everybody must be on time or suffer  
the consequences. It is not often  
that a court can be found where as  
many cases can be handled in three  
days as was done at the present  
term. Another thing worthy of note  
is that the juries of this term have  
been composed of men much above  
the average and who did not hesi-  
tate to impose the penalty if the  
evidence justified it. In view of the  
fact that there was not an acquittal  
during the three days it appears that  
when Bob Wimbish draws a bead on  
a man he might as well come down.

Just now Oklahoma is coming in  
for considerable attention at the  
hands of the United States supreme  
court. About half a dozen cases  
have been submitted and in a few  
days the state will probably know  
where it is "at."

### OKLAHOMA GAS CASE BEFORE SUPREME COURT

Washington, April 5.—It would be  
unprofitable to attempt to market  
the natural gas of Oklahoma in buck-  
ets or bags, according to attorneys  
representing gas interests, and so  
they argued today before the su-  
preme court of the United States  
that the state officials of Oklaho-  
ma should be prohibited from keep-  
ing pipe lines out of the state.

The Kansas Natural Gas Company  
with a pipe line running to the Ok-  
lahoma state line, some time ago  
bought "the right of way," for its  
pipes to gas wells in Oklahoma.  
That at least is what the company  
claims to have bought. The state of  
Oklahoma urged that adjoining land  
owners could not sell the right of  
way across the public highways.

Attorney Johnson for the com-  
pany contended that the factories of  
Pittsburg, Cleveland and Cincinnati  
are almost entirely dependent upon  
the natural gas of West Virginia. He

said innumerable people are depend-  
ent upon anthracite coal from Penn-  
sylvania and that almost all the peo-  
ple of the East are dependent upon  
the west for oil.

"I deny the right to any state,  
for the conservation of private prop-  
erty, to forbid the transportation in  
interstate commerce of the property  
of a citizen of the United States,"  
said Mr. Johnson.

Attorney General West closed the  
argument. He said a pipe line in Ok-  
lahoma is not ordinary an instru-  
mentality of interstate commerce  
and that special reasons existed in  
Oklahoma why the right the state  
was about to exercise was a legal  
exercise of the police power of the  
state. He denied that Oklahoma had  
turned against her sister states.

"It is unreasonable to accuse Ok-  
lahoma of secession," said Mr. West.  
after a twenty years' fight for state-  
hood."

teresting meeting last night and  
elected a large number of candidates  
to membership, the first and second

ing, April 7th, and on Tuesday  
evening, April 11th, the first and  
second degrees will be conferred at  
the Busby opera house in the pres-  
ence of the grand lodge and visiting  
members from all over the state of  
Oklahoma. The degrees at the opera  
house will be conferred by the fa-  
mous Oak Cliff degree team of Dal-  
las, Texas. The local lodge will re-  
ceive petitions and ballot on candi-  
dates Friday evening, April 7th, and  
it is expected that a class of from  
50 to 75 of the leading business and  
professional men of the city will be  
elected to take the degrees.

On Monday, Tuesday and Wednes-  
day the keys to the city and the  
homes of the citizens will be thrown  
open to the Odd Fellows, at least 3-  
000 being expected.

The grand encampment will hold  
its session on Monday, the grand  
lodge and Rebekah assembly on  
Tuesday and Wednesday of next week.  
The orphans from the home at Che-  
cotah will be here with their band  
and will put on a cantata and other  
exercises from four to six p. m. at  
the Busby opera house Wednesday  
evening, April 12th, to which the  
public is invited.

### Fralei Buried at Ardmore.

Ardmore, Ok., April 5.—The re-  
mains of Cread F. Fralei who died  
suddenly yesterday morning were  
laid to rest this afternoon in Rose  
Hill cemetery. No other death in  
the city has ever been so generally  
regretted and brought grief to so  
many people as that of Mr. Fralei.

Mr. Fralei was born in Virginia in  
1849 and was 62 years of age at the  
time of his death. He was strong for  
his years and held up wonderfully  
well under the mortal wound which  
he received.

On the morning of his death he  
had agreed to lay off the ground for  
the construction of the new Hardy  
Sanitarium and when Dr. Hardy en-  
tered the room where he lay, Mr.  
Fralei told him he must get some  
one else to do the work as he was  
bound to die. Mr. Fralei also had  
the contract for the construction  
of the State Confederate home.

Dr. J. M. Gross and Dr. C. C. Weith  
conducted the funeral services at the  
home of Will Fralei, a son of the  
deceased this afternoon at 2:30 and  
following the services the Masons  
took the body and laid it away ac-  
cording to the ritualistic ceremonies  
of that order. There was a large  
gathering of people at the grave.

Mrs. Fralei, widow of the deceased  
is suffering a nervous breakdown  
and she was reported in a critical  
condition today.

### Democrats Carry Chicago.

Chicago, April 4.—Carter H. Harri-  
son, mayor of Chicago from 1897 un-  
til 1905, and son of Carter H. Harri-  
son Sr., who occupied the Mayor's  
Office from 1879 to 1887, and was  
assassinated during the World's fair  
was elected mayor for the fifth time  
today. He defeated Charles E. Merri-  
am, his republican opponent, by 17-  
082 votes, gaining a total of 177,358  
votes.

In spite of the opposition of a ma-  
jority of the local press, the election  
was almost a complete democratic  
victory. The election of F. D. Con-  
nery for City Clerk and Henry Stuck-  
art for City Treasurer early was con-  
ceded, although a count of their total  
vote has not been completed.

The democratic majority of the city  
council has been increased by at  
least a dozen members.

Prof. Charles E. Merriam, his re-  
publican opponent, conceded the elec-  
tion to Mr. Harrison at 6:30 p. m.  
two and a half hours after the polls  
were closed, but declared that the  
results were such as would give  
him hope for another contest.

**Insurgents Will Not Be Pacified.**  
Washington, April 4.—With two re-  
publican minorities in the house as  
evidenced by the insurgent vote for  
speaker Tuesday, the democratic  
leaders are wondering how the re-  
publican committee assignments will  
be filled. The republican caucus in-  
structed minority leader Mann to  
prepare the assignments of republic-  
cans.  
It is not unlikely that some of the  
insurgents who voted for Henry A.  
Cooper of Wisconsin for speaker  
will request assignments from the  
democratic leaders, without respect  
to the places accorded them by Mr.  
Mann.  
Chairman Underwood of the ways  
and means committee, which has  
charge of the making of the stand-  
ing committees, would not say wheth-  
er the insurgents, if they ask for  
places, will be treated as a separate  
minority and be given assign-  
ments without regard to the regular  
republicans.

**Alabama Abandons Prohibition.**  
Montgomery, Ala., April 5.—State-wide prohibition was given its knock out blow today when both branches of the Alabama legislature adopted the Smith liquor regulation bill as reported by the joint conference committee.  
The bill is a companion measure to the Parks local option bill heretofore passed. Under the legislation 45 per cent of the voters of a county may petition for an election to determine whether liquor shall be sold in that county, either by saloon dispensary or otherwise. Each county is thereby given full power to regulate its liquor traffic.  
Social clubs are unaffected by the legislation.

**Colorado Towns Vote Wet.**  
Denver, Colo., April 5.—As a result of the bitterness of the fight between the "wets" and dries in this state yesterday, Colorado has established a record for close elections the opponents of prohibition winning in three towns by majorities of one and two. Burlington and Las Animas changed from dry to wet by two votes each and Colorado City kept itself in the wet column by a single vote out of a total of 1,485. At Burlington and Las Animas the vote was 183 and 742, respectively.  
In Colorado City a clergyman, Rev. Duncan Lamont, headed the wet ticket. Mr. Lamont was defeated however for mayor by his dry opponent, H. J. Hamble.

**An Elopement.**  
Yesterday there was a quiet elopement from Ada, the parties being Curtis Hall and Miss Irene Word. The young man left on the morning Katy and was joined at Stonewall by his lady. They proceeded to Atoka where they obtained a marriage license and were married by County Judge Taylor. They have not yet returned home for the paternal forgiveness and blessing.

The groom is the son of G. W. Hall and the bride is the daughter of F. A. Word. They are both rather young to assume the responsibilities of married life, but the News joins their many friends in wishing them a happy married life.

**Card of Thanks.**  
I take this means of thanking my many friends and customers for their liberal patronage during the time I was in the grocery business. I enjoyed a good trade throughout the entire time and for this and many favors received, I am most grateful. Sincerely yours,  
J. M. STANDFIELD.

**HOW PARTIES STAND IN NEW CONGRESS**  
Washington, April 4.—The political complexion of the Sixty-Second congress, convened in extraordinary session today, is as follows:  
Senate—Republicans 50, Democrats 41, vacancy 1.  
House—Democrats 225, Republicans 160, Socialist 1, vacancies 2.  
**Comparison With Sixty-First.**  
In the Sixty-First Congress, which was adjourned March 4, the senate membership was:  
Republicans 59, Democrats 32, vacancies 1.  
The House membership was:  
Republicans 217, Democrats 174.  
**One Senate Vacancy.**  
The Senate vacancy is from Colorado, the Legislature being Democratic. Iowa is expected soon to elect a successor to the late Senator Dolliver, whose seat now is occupied by LaFayette Young.  
The House vacancies are from the Ninth Iowa and the Second Pennsylvania districts.

**Clark Outlines Democratic Policy.**  
Washington, April 4.—This day marked the opening of the trial of the democratic party to demonstrate its worthiness to receive "the wider confidence" of the voters of the country. Asking his colleagues to keep that fact uppermost in congress, Representative Champ Clark of Missouri in his speech accepting the speakership of the house today outlined the measures through which the democratic party hopes to continue the joy and faith of the people.  
Intelligent revision of the tariff, election of United States senators by popular vote, changes in the house rules to permit proper consideration of public measures, economy in handling the purse strings of the country, the publication of campaign contributions, and the early admission of New Mexico and Arizona to statehood were some of the things which Speaker Clark emphasized in the democratic program as measures which would be undertaken by the party early in the session.

**To My Many Friends and Business Associates.**

Mr. S. G. Ashby, late of Eldorado, Okla., has been appointed to the management of the lumber yard here, which I have had in charge for the past five years. Mr. Ashby does not come among us as an entire stranger having served in the state legislature from Jackson county since Oklahoma's "year one." His father "Stump" Ashby, is well known all over this state and the state of Texas. I feel sure that Mr. Ashby will have many friends here from the day of his arrival at Ada and he comes as a successful lumber man.

Does not this and the fact that it complies with all pure food laws, both State and National, prove that Calumet is absolutely pure?

With the purity question settled—then Calumet is undoubtedly the best Baking Powder. It contains more leavening power; it is more uniform—every can is the same. It assures better results—and is moderate in price.
